DEXION P90 NARROW AISLE RACKING

there's more to every workplace

CSI IS THE WORKPLACE PROVIDER THAT GIVES YOU MORE.

We offer our customers more for their workplace so they can get more from their workplace.

The CSI Group has been built on the 35 year reputation of trading as ESE, one of the largest industrial storage and solutions companies in the UK, and has grown over the last few years through a series of strategic acquisitions.

Our recently added e-commerce division has transformed our brand into a “more” company for Industrial and Commercial products and solutions across the UK. We offer more choice, more support and more guidance than any other workplace provider.

SPECIALISED STORAGE CABINETS

From your first contact with CSI, the journey and destination is to find you the right product and the right solution.

We have been supplying workplace products for over 35 years and throughout this time we have built strong working relationships with many of the world's best workplace product manufacturers.

Together our aim is to supply you with the best quality products at the best price.

We are continually striving to improve and add to our product range to ensure you have more choice, more value and more products. From lockers to ladders, office shelving to warehouse racking, trucks, trolleys, roll containers, wheelie bins and white boards, our range offers everything your workplace needs and more.

And if there is something you need or want but can't find, or if you require a bespoke product to suit your needs, our friendly solutions team are always there to help, advise and make the impossible possible.

“CSI’s combination of a market leading product range and expertise on-tap offers you more for the workplace than a traditional catalogue retailer.”

BBC TAPE ARCHIVE

more product sectors

CSI has a broad and growing portfolio of blue chip and prestigious clients, many of whom are longstanding.

We have been working with our clients within key business sectors for many years and understand the special nature and needs of these different work environments.

We understand your business is special and we want the information about each product or solution to relate to your requirements and workplace.

We want you to find exactly what you're looking for quickly and easily without having to navigate throughout the entire website or catalogue.

So whatever your workplace environment, we know the products that will work best for you and we are always on hand to help.

ONSITE EXPERTISE

Our people are our most important asset and they are passionate about your business.

From how to create more space or increase storage capacity without moving facilities, to guiding you on sensible precautions in winter with our winter maintenance products, to advising on the correct speed bumps for your premises, our staff are here to help you with their extensive product knowledge and vast industry experience.

MEZZANINE FLOOR INSTALLATION

Our aim is to offer more choice, more support and more guidance than other workplace providers. This is why we have brought together our market leading catalogue and on-line store with a team of experienced workplace professionals.

When you're not sure what the right product or solution is for the job; if you're doubtful that your current set up is giving you the best possible value for money or if you have identified the need for a bespoke solution, just speak to one of our experts.

“**Order online or offline with our dedicated sales team. Your workplace products, your way!**”

some things we like to shout about

“We are very proud of our client list which expands across the whole of the UK and covers the commercial, public and private sectors.”

“A UK wide service with national reach for site visits, design consultations, installation and servicing. Wherever you are, we're there to support you.”

“We work closely with our valued clients and in partnership can create bespoke product supply portals designed to cater for their product supply needs.”

“We are the largest distributor of Dexion in the UK. Our planning and installation teams are recognised as experts in the industry.”

“Successfully completing the Achilles programme and achieving the accreditation reiterates our dedication to providing quality products, services, compliance and commitment to our customers increasing demands regarding health and safety, environmental and corporate governance.”

“As a SEMA distributor company we work to the latest industry standards and codes of practice. We are one of a handful of companies in the UK able to offer independent SEMA approved rack inspections.”

“As a BSI member we have achieved ISO9001 for over 10 Years.”

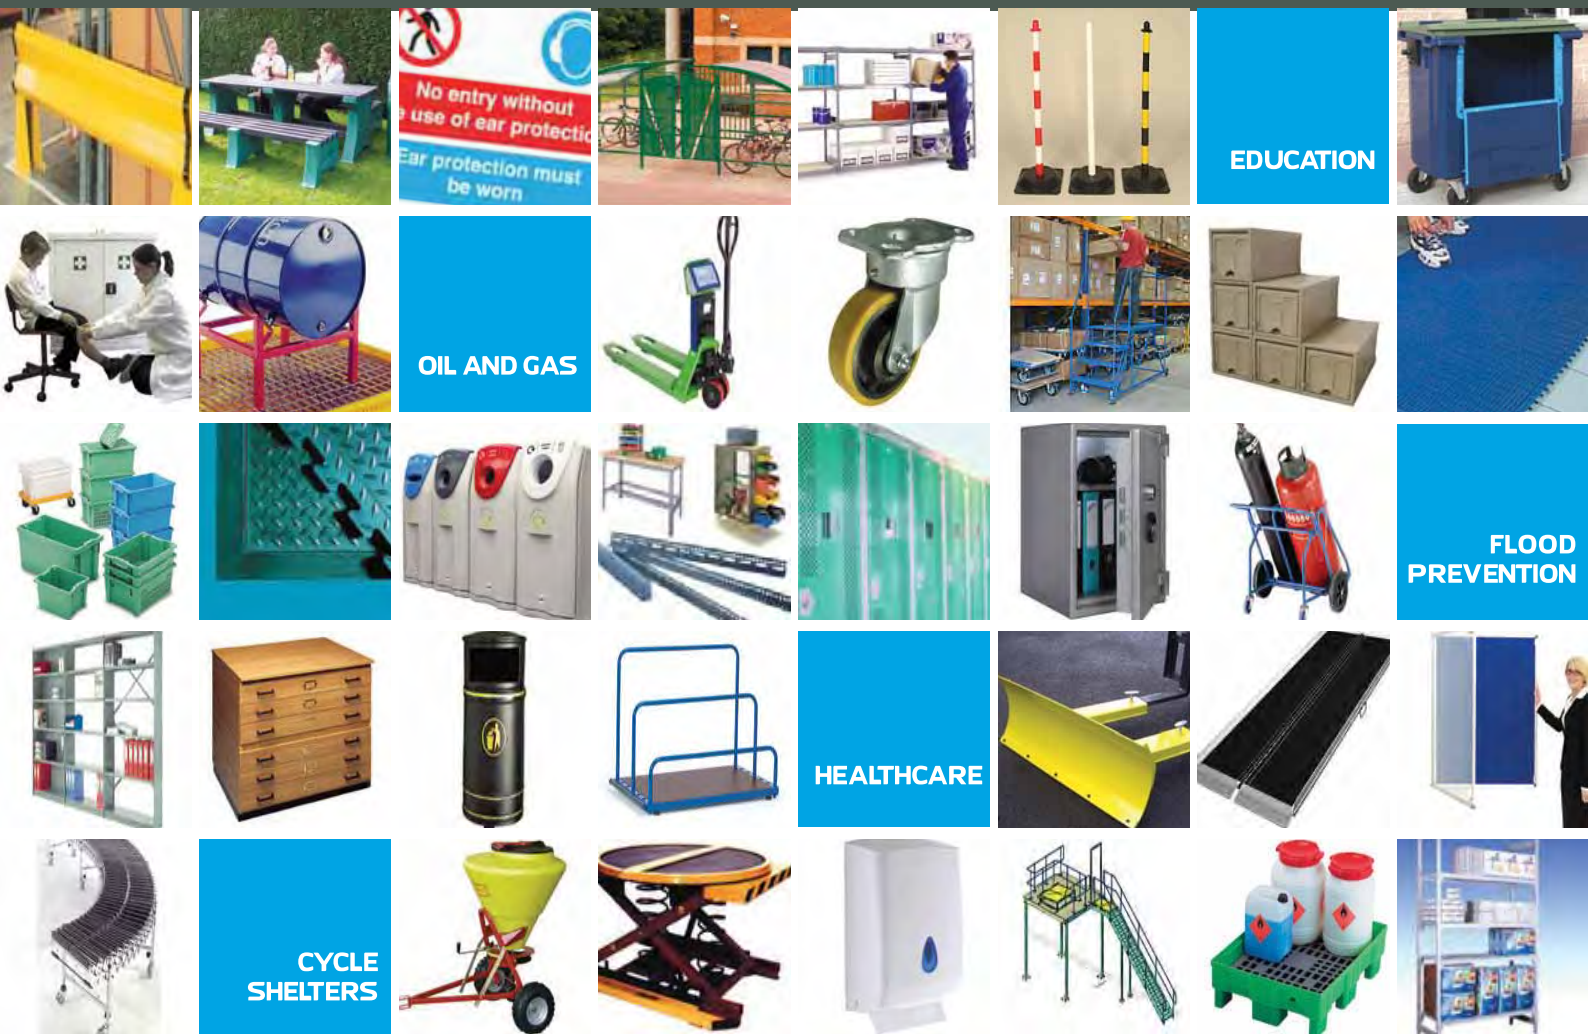

“At CSI we are proud to support The Prince's Trust in their great efforts to support young people into work and training. To help raise funds we donate £1 for every order placed online.”

“Our business is tailored to engage with our customers on their terms, be that in person, through our catalogue or online.”
